Following the huge success of the WVA Global Seminar on Animal Welfare (held in Prague on 17-18 September 2013), the WVA and the European Commission agreed to keep “alive” the global panel discussions platform on Animal Welfare and to organize a follow up event via webinar with the participation of representatives from AVIN, AVMA, EFSA, EC, FAO, FVE, IVSA, OIE, WSPA, WAVMA, WVA and others.

The webinar will be streamed online for free and will give the public the possibility to ask questions and to comment the discussed Animal Welfare issues.
